Subject: RE: Contact RE: Rosemont Copper Mine

Thanks for the call back, Kathy.

It seemed from the message that the caller was asking air permitting related questions. Are we working on any air permits related to Rosemont Copper?

If not, I would like to hand this off to someone who has actually worked on it so they can properly assess the callers interests and get his questions answered.

Is there not a project lead for this from EPA?

Hi Kathy,

I work for the air office in Tucson, AZ. I received a call late yesterday asking about EPA's views on the Rosemont Copper Mine. Would you or someone that you know be the contact to answer some questions the caller had. If not would you please direct me to the right contact?

The caller's name is Robert Harris and his number is

Personal Matters / Ex. 6

Thanks,

Krishna
